TO: All Aboard Arizona Board of Directors

RE: Letter of Resignation

Due to pressing personal and health problems, effective today, April 7, 2020, I am tendering my resignation as President, All Aboard Arizona.

I want to thank all Board Members and our Former Executive Director, for the honor and privilege of serving you for over the past three plus years. During this time, we have watched All Aboard Arizona thrive, grow and become a recognized rail activist organization for more rail passenger service in Arizona. All of you have helped contributed to our success, for which I shall always be grateful.

I am very pleased to know that Board Member, Todd Liebman, has agreed to replace me as President. Please join me in supporting his nomination to be your new President. Even more importantly, please give him your full support, as you did for me, as he leads our fine rail activist organization to the next level.

I will be pleased to continue serving as a Board Member of All Aboard Arizona.

Respectfully,

Chuck Mott
